

Promotional Articles & Loyalty Products 2020

Wera tools: a perfect gift at any time.

Wera tools have always been the epitome of quality, functionality, innovation and design.

You too can benefit from this strong brand! A selection of the most popular Wera products is depicted on the next few pages. Most of them are available in an attractive, decorative packaging.

We can stamp the tools and/or the gift packaging with your own individual logo (white, tampon printing) for orders of 100 and above.

Our products in textile pouches can also be provided with an individual customer logo for orders of 100 and above. In this case it takes the form of a patch which – depending on the nature of your logo – can either be embroidered or printed.

Watch out for this symbol:

We stamp your logo directly onto the bit box in a single-colour (white) in a tampon printing process.

Watch out for this symbol:

We stamp your logo directly onto the handle in a single-colour (white) in a tampon printing process.

Watch out for this symbol:

Your logo can be applied to the pouches either by embroiding or sublimation printing.

Watch out for this symbol:

We stamp your logo directly onto the packaging in a single-colour (white) in a tampon printing process.

SMALL BUT FINE!

For orders of 250 and above with customer logo on the packaging

813/5 INCENTIVE

- ⊖ 867/1 TORX® BTZ 1 x TX 15x25; 1 x TX 20x25

Kraftform handle

The outstanding design of the Kraftform handle that fits perfectly into the hand prevents hand injuries such as blisters and calluses.

The hard materials used for the handle ensure rapid hand repositioning without any danger of the skin "sticking" to the handle. The surrounding hard zones with large diameters glide like wheels across the hand.

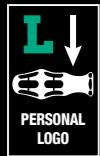

Take it easy tool finder

"Take it easy" tool finder with colour coding according to profiles and size stamp – for simple and rapid accessing of the required tool.

THE PERFECT SCREWDRIVER SET!

For orders of 250 and above with customer logo, white (1C) as co-branding

Maximum size of the customer logo on both handles:

Width: 14mm

Extremely slim

Combines elegant design with incredible resilience. Suitable for rapid fastening even in confined working situations. The Wera Zyklop Mini is applied whenever fastening with a power tool or conventional tools is impossible due to insufficient space.

Take it easy tool finder

"Take it easy" tool finder with colour coding according to profiles and size stamp – for simple and rapid accessing of the required tool.

Kraftform Kompakt

Integrated bits magazine

Six screwdriving tools!

RAPIDAPTOR TECHNOLOGY

Rapidaptor holder

Rapid bit change without needing any additional tools. One-hand operation with a freely spinning sleeve for simplified guidance of the tool.

TAKE IT EASY TOOL FINDER

Take it easy tool finder

"Take it easy" tool finder with colour coding according to profiles and size stamp – for simple and rapid accessing of the required tool.

KRAFTFORM ERGONOMICS

Kraftform handle

The outstanding design of the Kraftform handle that fits perfectly into the hand prevents hand injuries such as blisters and calluses.

The hard materials used for the handle ensure rapid hand repositioning without any danger of the skin "sticking" to the handle. The surrounding hard zones with large diameters glide like wheels across the hand.

For orders of 100 and above with customer logo, white (1C) as co-branding

Maximum size of the customer logo on the handle:

Width: 14mm
Height: 18mm

EVERYTHING TO HAND!

Image: KK 22 A Tool Finder PROMOTION
The sets are shown on the following pages

Kraftform Kompakt

TELESCOPE BLADE

Telescopic blade

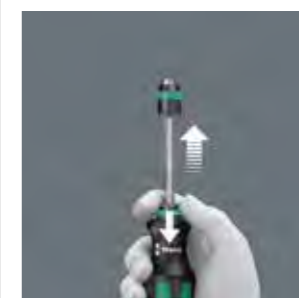

The sets in the series Kraftform Kompakt 20 are really something. A 2 position telescopic blade can be retracted into the handle for confined space operation or extended for more reach. It can also be removed and used as a 100mm bit holder in the power tool.

When the unique telescopic blade is lowered into the handle, fast, easy screw-driving action is possible, even in the tightest spots!

By pushing the clamping sleeve, the telescopic blade can be extended out of the handle and the compact tool becomes a full-sized screwdriver.

If the clamping sleeve is pushed again the telescopic blade can be taken out of the handle, and be used as a machine bit adaptor.

PERSONAL LOGO

For orders of 100 and above with customer logo, white (1C) as co-branding

Maximum size of the customer logo on the packaging:

Width: 30mm
Height: 20mm

The size of the embroidery/printing area is:
Width: 55 mm; Height: 25 mm

Wera tools as valuable loyalty products

Every loyalty programme depends on having coveted awards. Wera tools are always a good choice there.

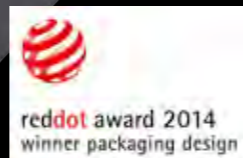

They are state-of-the-art in terms of quality, functionality and design and therefore constitute a real incentive for every loyalty programme customer.

You will find our coveted “bestsellers” on the next few pages, articles we would recommend to be included in any loyalty programme. The prices stated are recommended price levels.

Award-winning design

Wera tools have convinced international design juries time and again in recent years. That is why they have consistently won awards both in product design as well as in the category of packaging design.

¹⁾Optimised for Asian PH screws

²⁾On the output side, the blade is turned to a nominal length of 10 mm.

³⁾Size 0 modified according to JCS 0 (Japanese Camera Industrial Standard)

“Take it easy” Tool Finder

Screwdrivers with “Take it easy” tool finder: colour coding according to profile and size stamp.

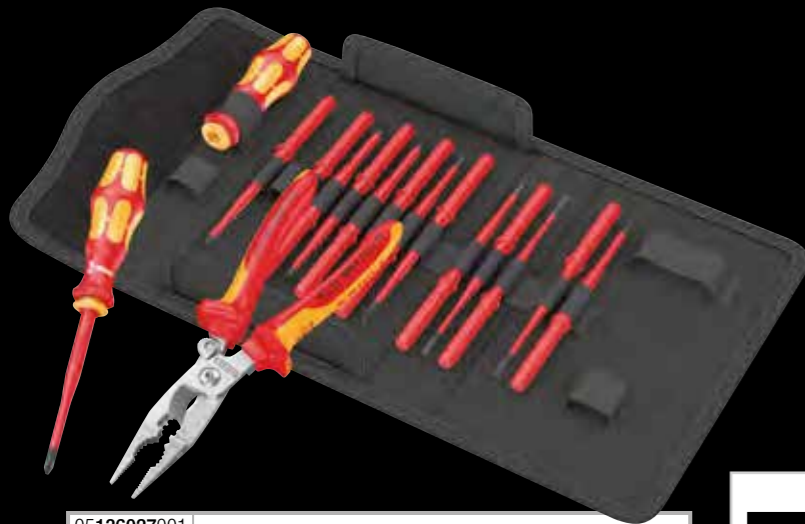

The refined screwdriver for electronics technicians

The Kraftform Micro, with its three zones and their specific arrangement, satisfies these requirements perfectly. The free-turning cap that provides support for the hand works with these advantages, enabling quick and easy precision work.

NEW

Kraftform Kompakt VDE 17 extra slim 1

05136027001

- Individually tested VDE interchangeable blades with reduced blade diameters
- 2 multi-component, ergonomic Kraftform VDE hand-holders with anti-roll protection
- In a robust textile box
- Multifunctional pliers for electrical installation: cable cutting, stripping, gripping, bending, deburring, crimping of wire end ferrules
- Pliers including cable shears with precision cutting edges (inductively hardened) for Cu and Al cables up to 5 x 2.5mm² / Ø 15 mm

- 817 VDE 2 x 9x102
- KK 62 iS 1 x PH 1x154; 1 x PH 2x154
- KK 65 iS PZ 1 x PZ 1x154; 1 x PZ 2x154
- KK 65 iS PZ/S 1 x # 1x154; 1 x # 2x154
- KK 67 i TORX® 1 x TX 10x154

- KK 60 iS 1 x 0,6x3,5x154; 1 x 0,8x4,0x154; 1 x 1,0x5,5x154
- KNIPEX 13 96 200 K70 1 x 50,0x70,0

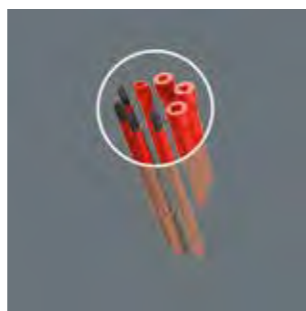

Individually tested

Each Kraftform Kompakt VDE set has been tested individually at 10,000 volts, in accordance with IEC 60900. This ten-times-higher testing load guarantees safe working at their maximum permitted load of 1,000 volts.

Kraftform Kompakt VDE

The system "one handle – many interchangeable blades" makes Kraftform Kompakt VDE compact screwdriving sets for in-house as well as mobile electrical applications out of the sets. The belt pouch is practical for tidy storage and transportation. Also available with electrical cabinet keys conforming to the industrial standards.

Taking out the blade

By pulling and holding down the clamping sleeve the interchangeable screwdriver blade, or the switch cabinet key, is unlocked and can easily be taken out of the handle.

3950/9 Hex-Plus Multicolour Stainless 1 L-key set, metric, stainless

05022669001

- Solution to the extraneous rust problem: fasten stainless screws with stainless tools
 - Hex-Plus allows socket head screws to live longer
 - Take it easy tool finder with colour coding according to sizes
 - Wear-resistant clip material for enhanced durability
 - Colour coded, easy-to-grip plastic sleeve, even at low temperatures
- | | |
|-------------------------|---|
| ○ 3950 SPKL Multicolour | 1 x 1,5x90; 1 x 2,0x101; 1 x 2,5x112; 1 x 3,0x123; 1 x 4,0x137; 1 x 5,0x154; 1 x 6,0x172; 1 x 8,0x195; 1 x 10,0x224 |

|------------------------|--|

"Take it easy" tool finder system

"Take it easy" tool finder system - with profile and size colour-coding for quick and easy tool selection. Colour-coded system for hexagon drive screws (L-Keys, Zyklop bit sockets), external hex drive screws and nuts (Joker wrenches, Zyklop sockets and Zyklop bit sockets with holding function), and TORX® drive screws (L-Keys, Zyklop bit sockets).

TORX® and hexagon ball tip

The spherical drive profile means that it is possible to swivel the axis of the tool to that of the screw, and therefore enable angled, "around-the-corner" screwdriving jobs. This ball tip geometry – often found on L-keys – is now available on a number of Wera bits.

Why do the SPKL L-keys from Wera have a round design and come with a rubber sleeve?

L-keys made from circular material fit into the hand better and allow less strenuous work over a longer period. Additionally, the rubber sleeve provides a pleasant grip, particularly in applications at low temperatures. Colour coding and large stamp enable the desired L-key to be easily located. Moreover,

the round material keys are more robust, particularly where smaller sizes are concerned.

NEW Bicycle Set 1

05004170001

- Compact 12-piece wrench set for bicycle applications, also for mobile use
- Practical range for DIY assembly work and repairs
- Suitable tools for the most common bolt profiles on road bikes, mountain bikes and e-bikes
- Robust, surface-friendly, compact textile folding bag
- Set includes bit ratchet Zyklop Mini 1 and extension

8001 A	1 x 1/4"x87,0

967 SXL TORX® HF Multicolour	1 x TX 10x112; 1 x TX 25x154

The tool set to go

The Bicycle Set 1 contains tools for the most popular screw profiles on road bikes, mountain bikes and e-bikes. Thanks to the compact textile-folding pouch, the set is also the ideal companion for cycling tours.

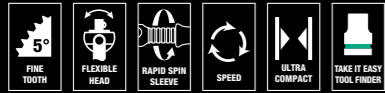

Bicycle Set 3

Bicycle Set 3 is a practical assortment for the independent execution of assembly work and repairs on road bikes, mountain bikes and e-bikes. Especially useful: a Bit-Check (empty) is also included, which can be equipped individually with tools on the way: less weight on bike rides.

8100 SA All-in Zyklop Speed Ratchet Set, 1/4" drive, with holding function, metric

05003755001

- 42-piece ratchet set in robust textile box
- Freely pivoting ratchet head with 5 predefined locking positions
- Bit-sockets with all the advantages of the Wera bit technology
- TORX®, Hex-Plus- und Außensechskantnüsse mit Haltefunktion für Schrauben/Muttern
- Suitable for Wera 2go

Joker Set of ratcheting combination wrenches

05073290001

- Practical holding function thanks to the metal plate in the jaw
- Limit stop prevents any slipping
- The double-hex geometry reduces the risk of slipping
- Return angle of only 30°
- Take it easy tool finder with colour coding according to sizes

Joker 1 x 10x159; 1 x 13x177; 1 x 17x224;
1 x 19x246

Joker

Holding function

The Joker's holding function means that nuts and bolts can be held in the jaw and easily positioned where they are needed. Fastening on to the thread can then be done quickly and safely, thanks to the innovative special stop-plate which holds the fastener. No more time-wasting searches for dropped nuts and bolts!

Limit-stop

Constant re-positioning of the wrench? Difficulty holding fasteners in confined spaces? Easing off to avoid any risks of injury or fastener damage? That was yesterday. Today, the Joker prevents slipping off of the fastener head with its integrated limit-stop – no longer is the thumb needed to act as a depth stop.

Anti-slipping effect

The Joker's clever double-hex geometry delivers a very positive connection with nuts or bolts – it's a perfect fit. And the exchangeable, hardened metal gripping plate in the Joker's mouth literally bites itself into the bolt, with its extremely hard tips. Both features combine to prevent slipping, even at higher torque.

Small return angle

Instead of 60°, the Joker only has a 30° return angle thanks to its unique double-hex design. Along with the Joker's straight neck, this means that flipping the wrench has become a thing of the past. With the Joker, you can now loosen and tighten nuts and bolts, in situations where conventional tools fail.

NEW

Kraftform Kompakt 20 Tool Finder 2 with pouch
